Dear Bob,

When my wife returned with the mail she called aout, "~~B~~ Jackpot Day!"

It is!

With many letters to answer, some packages to make, so thanks very much for the note and the tape.

I'll listen to it in odd moments.

I've what remains of the first 80,000 words of a new book to read and oorrect before I return to writing. Perforce I rush more than I'd like to on that!

There will probably be more stuff on the talk shows as the time for the commercializations and explotations of the assassination anniversary gets closer.

I'll appreciate all you can send on that for the historical record. Esp. from publishers!

Particularly on the books and most of all on them on those that defame the critics in general or with ~~clients~~ channel specifics.

As an example of how it works today, with no one in the media in a position to question, Groden's coming book is being promoted by Viking as bringing to light Jackie's suppressed Warren Commission testimony, only a brief part of which was withheld. He says, or he must have said for Viking to use it, that this is all his derring-do. He knows very well that it was disclosed to be, after long effort by me and one other, by the Archives so long ago that I published it in 1974!

Thanks and best,

Hal
